

Critical Incident Stress Management (CISM): Group Crisis Intervention

The Critical Incident Stress Management (CISM): Group Crisis Intervention training program is designed to present the core elements of a comprehensive, systematic, and multi-component crisis intervention curriculum. The program is open to new members of crisis support or CISM teams and to individuals who are interested in learning about critical incident stress management and crisis intervention. This training meets the requirements of the International Critical Incident Stress Foundation (ICISF).

Course topics include: key terms and concepts, common psychological and behavioral reactions, strategic planning, large group crisis intervention: demobilization, crisis management briefing, crisis management briefing planning, defusing, defusing simulation, special notes, debriefing, and debriefing simulation.
